It Was Fun While It Lasted

Roy Drusky

I just read the saddest letter and before I cry I'd better Let you know that I won't stand in your way I'm your old love he's your new love but if you're sure it's tr ue love I'll bow out gracefuly and simply say It was fun while it lasted fun while it lasted ours was a speci al sort of love It was fun while it lasted fun while it lasted but it just didn 't last long enough

I can't say goodbye with laughter but I'll promise ever after When I'll think of you my lonely lips will smile I'll be all alone tomorrow but there won't be any sorrow Just a happy thought you love me for a mile It was fun while it lasted...
