

She's the One

Roy Harper

She's the one
She's so gone
She's the one who throws the skins at you
And says lets all turn on

She's the one
She's so gone
She's the one who throws her pants at you
And says O.K. you're on

She's the one
She's so gone
She's the one who takes the stomach
Makes the tea and cleans the jon

She's the one
She's so gone
She's the one who hands the blankets round
And comforts everyone

She's the one
She's so gone
She's the one who buys the comics
Drops the kids and knows the com

She's the one
She's so gone
She's the one who you don't miss
Until you find she's really gone

You say that it's got you beat
And you dont know which way to turn
You say that she's oh so sweet
But there's nothing left for you to learn
You say that it's not your fault
You've seen through all the doors
Ah but how can any man talk like you
With a wonderful wife like yours

You say that its all washed up
And as bad as it could ever get
You say that you've filled your cup
And you light another cigarette
You say its O.K. for me
But I don't see her claws
Ah but how can any man talk like you
With a wonderful wife like yours

You tell me that I can't see you problem
But I don't have to live with you to know
That she's a very beautiful young woman
And your a fool if you can let her go

You sit down and heave sigh
And say that you'd welcome death
You step out into the sky
And mutter underneath your breath

You thump tables, spit and curse
But I can't see the cause
Ah but how can any man act like you
with a wonderful wife like yours

You say that you've packed your bag
It must be a heavy load
You light yet another fag
And say its a long hard road
You say the wind is blowing you
To other distant shores
Ah but how can any man talk like you
With a wonderful wife like yours

You tell me that I can't see you problem
But I don't have to live with you to know
That she's a very beautiful young woman
And your a fool if you can let her go
