

No One Will Ever Know

Roy Orbison

No one will ever know my heart is breaking although a million tears
eardrops start
to flow
I'll cry myself to sleep and wake up smiling I'll miss you but
no one will ever
know
I'll tell them we grew tired of each other and realized our dreams
could never
be
I'll even make believe I never loved you then no one will ever
know the truth
but me

No one will ever know how much I'm pining
Each time the past comes back to haunt me so
No one will ever see the tears I'm hiding
Yes you've hurt me but no one will ever know
I'll tell them I've found true love with another
And that I was glad the day you set me free
I'll even make believe I never loved you then no one will ever
know the truth
but me
