

Say No More

Roy Orbison

Say "no more"
I understand
Our love affair
Didn't go as I planned

Say "no more"
Just walk away
Have no regret
I'll forget
You someday-ay

Now we go our different ways
The lonely nights and endless days begin for me
True, our love's come to an end
But still you want me as a friend
And so friend I will be
Say "no more"
I understand
If you're so sure
Say "no more"

Say "no more"
Just walk away
Have no regret
I'll forget
You someday-ay

Now we go our different ways
The lonely nights and endless days begin for me
True our love's come to an end
But still you want me as a friend
And so friend I must be
Say "no more"
I understand
If you're so sure
Say "no more"
Say "no more"
