You be on your bad-bad, you be on your shit, girl
You be talkin' all that, oh na-na

I just want my dollar, oh na-na
Got no time for problems, got no time for arguin', girl
Stressin' about nothin'

Baby, what's this inception? Tell me if I should wake you? (Wake up)
You tried to give your best love, but what did that all make you?
Loving me is a lesson, not even I could teach you

Coupe, Benz or the Jag', ooh, she movin' fast
Like two doors on the dash, movin' at after hours
So true the way she likes, you been takin' shit back from me
You've been doin' too much, live your best life (Best life)
Let's go take the AMG for a test drive
You ain't gotta tell them bitches 'bout your sex life
Know you braggin' to your friends how my sex like
Bussin' it, bussin' it, shawty cussin' and fussin'
How she take it, professionnal, girl, I love how you touch it
I ain't into no lies, we ain't cuffin', we fuckin'
Are you stayin' tonight? That's not up for discussion
This your safe home, baby
You ain't gotta leave nowhere, keep your things right here
You know you're different, baby
Now you got a new home, baby

You're so bad, baby, so bad
But you're down bad, baby
