

Dangerous

Roy Woods

Whoa, whoa, whoa
Whoa

Can I hang with you? I'm just tryna hang with you
When I get low you turn me up
Together we're dangerous, well uh
Can I hang with you? I'm just tryna hang with you
When I get low you turn me up
Together we're dangerous

You light the pole to get me stuck, tell me who's more dangerous
Like Busta Rhymes so dangerous
Bad lil mama come hang with us
I know, what you came in for, it's not to be on your own out here
And there's friends with you, I got friends but don't [?]

I'm addicted to you listening to me
In the clubs that you trick to me
Better keep up the pace with me, la, da, de, da, da
We get that breath of ecstasy
I'm so icy, water drip off me
You're my type of person, indeed
Can you sip Hennessy when you're with me?

First off, I want no lies, open up
I'm addicted, I'm addicted
We both said we won't fall in love
We're both addicted, we're both addicted

Can I hang with you? I'm just tryna hang with you
When I get low you turn me up
Together we're dangerous, well uh
Can I hang with you? I'm just tryna hang with you
When I get low you turn me up
Together we're dangerous

Ooh, push down on the pedal to start my love, yeah, yeah
I get higher on you without the drugs, yeah, yeah
No time's wasted if I spend time with you, yeah, yeah
I'm pulling up now, baby
Don't you have what I want? Got weed, ain't love
Bring my body to the floor, turn me up a lil more
Oh, girl, we got it going on, got it moving on
Make me leave your body strong
Hide you went on my life, I lost friends on the highway
Can I stay 'til the light?
Nocturnal every night, can you spend nights by my side?
Let's get lost on the light, I want to splash your water
Pull out my arms, I got you, I follow my arms

First off, I want no lies, open up
I'm addicted, I'm addicted
We both said we won't fall in love
We're both addicted, we're both addicted

Can I hang with you? I'm just tryna hang with you
When I get low you turn me up

Together we're dangerous, well uh
Can I hang with you? I'm just tryna hang with you
When I get low you turn me up
Together we're dangerous
Together we're dangerous
Yeah, turn me up, yeah
Together we're dangerous
Yeah, turn me up, yeah
Together we're dangerous
