

Don't Mind Me

Roy Woods

Ohh

All you had to do was right by me
These mistakes we make we can't rewind
 Fucked your friend didn't know baby don't mind me
Cause you're not even a girl I claim as mine
I fucked your friend didn't know baby
Don't mind me
Don't mind
Don't mind me
Don't mind
Don't mind me
Don't mind
Don't mind
Don't mind me

Baby we're both creepin she ain't even in my starting lineup
Ya always on your defence
Miss me like the final shot when times up
I can't fall into no feelings
I fuck who I want nah you ain't my girl
How you talking to me crazy
You know that I love my peace of mind girl

All you had to do was right by me
These mistakes we make we can't rewind
 Fucked your friend didn't know baby don't mind me
Cause you're not even a girl I claim as mine
I fucked your friend didn't know baby
Don't mind me
Don't mind
Don't mind me
Don't mind
Don't mind me
Don't mind
Don't mind
Don't mind me

What makes you think I'd
Rather be with you right now
You gave me nothing but reasons
I should leave you out

She turns me up then threw it back
How'd she know I like it like that
The difference is you got attached
No wonder your down bad like that

All you had to do was right by me
These mistakes we make, we can't rewind
 Fucked your friend didn't know baby don't mind me
Cause you're not even a girl I claim as mine
I fucked your friend didn't know baby
Don't mind me
Don't mind
Don't mind me
Don't mind
Don't mind
Don't mind
Don't mind

Don't mind me

(Don't mind
Don't mind me
Don't mind
Don't mind me)
