If you bring a friend, then I'll give your friend a piece  
Know lil' mama nasty and the only reason that she's meetin' me  
Is 'cause she know I'm nasty in the sheets  
Know she love it, dirty talkin' in it  
Know how you get it, there's no need in tellin' me  
She knows I'm a savage, I know that she's for the streets  
Long as you don't care about it, you know that I don't leave you
