Oh, wake up, I'm a get up later when I want, touch snooze
Pack heat then I turn up blunt in the room
Shawty calls but I'm not answerin' calls
I don't throw money, those panties still fall (droppin', droppin')
Gettin' down with a lil' thing from the North (Northside)
Southside got 'em all down where they want (sure nigga)
Sippin' white Gin for the night and the cars (yeah, yeah)
We can fuck though I got pain in my heart

Knock knock boy, is you ready? (Is you ready?)
From the top dropped down with your lady? (skrr, skrr, hey)
Hit the club, skrr'ting off from the lames (skrrt'ing off)
I need a [?] who will throw it from the B's
I'm gettin' down with a shawty like me
And it's benign to a yella like me
I been movin' alright
Why ask? You ain't transform me

You can get mad that I made it
You ain't know the work I put in
Check my profile and they hit me
I been doing me on the daily
You can get mad that I made it
You ain't know the work I put in
Check my profile and they hit me
I been doing me on the daily
I been doing me on the daily
I been doing me on the daily
I be makin' magic on the daily
I been doing me on the daily
I been doing me on the daily
I been doing me on the daily
I been doing me on the daily
I be makin' magic on the daily
I been doing me on the...

You think you know me? From what nigga?
I know how to start up from nothin' (start up from the bottom)
Basement days. now we up mama (we up mama)
I ain't just sippin' on nothin'
Niggas out there like to front, uh
I do what I say when I'm ready
You check my steez, do me at ease
