

Something New

Roy Woods

Ooh

Woah, yeah, ooh

You're a queen and I'm a king, just me and you
Tonight is the night to act a fool, yeah
Talk to me and love me
Diss me and I'll act like something new
I need more weed
Hennessy, a little codeine
Just keep it clean
PG, baby
'Til you and me be rated R and you're a star, baby

Miss, miss, miss
I miss, miss, miss everything
I miss, I miss, I miss
All I wanna do
Something new
Something new
All I wanna do
Something new

Talk, talk to me, don't stop
Talk back to me, don't stop
Dancin' on this beat
I got memories for you
I love those walks and talks on beaches
Like we out in Egypt
You give me, mm-mm, cold fever
I am not too tired to go home
Can I take you back up to my room, girl?
I wanna do something brand new
Teach you things that you ain't know was possible
But tonight, girl, you are in my care

Miss, miss, miss
I miss, miss, miss everything
I miss, I miss, I miss
All I wanna do
Something new
Something new
All I wanna do
Something new

I wanna know what's goin' on
So tell me why we talkin' on this phone
Girl, I wanna know right now, right now, right now
No mistakes, no mistakes, nah nah
I cannot have complaints, no complaints, na na
I feel like Offset, no complaints, na na na
Oh na na, oh na na
Talk to me mama
You say "Talk to me papa"
Oh, yah yah yah

Miss, miss, miss
I miss, miss, miss everything

I miss, I miss, I miss
All I wanna do
Something new
Something new
All I wanna do
Something new
