

HAD SOME FUN

Royal Bliss

A quarter short at the laundromat
The back tire on my bike is flat
I see a little mama and I think she's gotta pay for me, yeah
I wanna talk but she don't talk back
Probably cuz all the money I lack
I think I will introduce her to a friend of mine, yeah

It makes no difference to me
I do whatever I please
People say I'm crazy cuz I'm chasing the sun
At least I know I had some fun

Late at night when we go downtown
There's a place where they play my sound
I've got an ice cold beer and a whiskey waiting there for me, y
eah
I pony up then I turn around
See a girl and she wanna go down
Down to the rope swing to take a skinny dip with me, yeah

Well, it makes no difference to me
I do whatever I please
People say I'm crazy cuz I'm chasing the sun
At least I know I had some fun
At least I know I had some fun

It's getting late I don't wanna go home
All night on your body I roam
In the garden of Eden
A place I never thought I'd be, yeah

Well, it makes no difference to me
I do whatever I please
People say I'm crazy cuz I'm chasing the sun
At least I know I had some fun
It makes no difference to me
I do whatever I please
People say I'm crazy cuz I'm chasing the sun
Well, at least I know I had some fun
At least I know I had some fun
Yeah, at least I know I had some fun
Yeah, at least I know I had just a little bit of fun
