

# These Days

Royal Bliss

These days  
Well I stand taller  
I act a little smarter  
When I'm with you

We stayed on a midnight train  
Dancing in the moonshine rain  
Well here I go again  
All them girls I knew before  
They gave it all but I wanted more  
It's a game I cannot play

These days  
Well I stand taller  
I act a little smarter  
When I'm with you  
Back in my day  
I drank till Sunday  
I slept on Monday  
And then I found you

Well New Orleans will take its toll  
I left my soul when I left home  
And that's just what a man, what he's gotta do, yeah  
And all night long in whiskey town  
Bring me up cause I'm feeling down  
You know I'd steal this car and drive back home to you, whoa

These days

Well I stand taller  
I act a little smarter  
When I'm with you  
Back in the day  
I drank till Sunday  
I slept on Monday  
Until I found you, yeah

You can drive me crazy  
Time and time again  
But girl you always save me  
When I lose my head  
You always save me (save me) save me  
These days

Well I stand taller  
I act a little smarter  
When I'm with you  
Back in the day  
I drank till Sunday  
I slept on Monday  
Until I found you

Oh, these days  
I stand taller  
I swear I'm smarter  
'Cause I'm with you

Oh, these days  
I stand taller  
And I swear I'm smarter  
When I'm with you

These days  
I stand taller  
I know I'm smarter  
When I'm with you
