

Limbo

Royal Blood

Wake up every morning
Almost surprised I survived
Blood on the pillow
Tears in my eyes
Slept in a murder scene last night

Nobody move
Nobody gets hurt
On loop the loop
Can't get out of reverse

Stuck in limbo (All this time)
Waiting (Up all night)
Waiting (Stuck inside in limbo, limbo)
I need saving (All this time)
I'm fading (Hold on tight)
Fading (Stuck inside in limbo, limbo)

Stuck in limbo (All this time)
Waiting (Up all night)
I'm waiting (Stuck inside in limbo, limbo)
I need saving (All this time)
I'm fading (Hold on tight)
Fading (Stuck inside in limbo, limbo)

Now I've become someone
I don't recognize
I despise
Numb and defeated
Part paralyzed
I think I'm starting again so I roll the dice

But I should stop and take my own advice
It's no wonder
I found myself lost ignoring all the signs
Fading

Stuck in limbo (All this time)
Waiting (Up all night)
Waiting (Stuck inside in limbo, limbo)
I need saving (All this time)
I'm fading (Hold on tight)
Fading (Stuck inside in limbo, limbo)

Stuck in limbo (All this time)
Waiting (Up all night)
I'm waiting (Stuck inside in limbo, limbo)
I need saving (All this time)
I'm fading (Hold on tight)
Fading (Stuck inside in limbo, limbo)

Somebody calm me down
Wake me up slow
Don't leave me too late
Don't wait
Till I'm stuck in limbo
Limbo

Somebody calm (All this time) me down (Up all night)
Wake me up slow (Stuck inside in limbo, limbo)
Don't leave me too late (All this time)
Don't wait
Until my body is cold (Hold on tight)
And I'm stuck in limbo (Stuck inside in limbo, limbo)

Till my body is cold (All this time)
My body is cold (Up all night)
My body is cold
Till my body is cold (Stuck inside in limbo, limbo)
Yeah my body is cold
And I'm stuck in limbo (All this time)
Stuck in limbo (Hold on tight)
Stuck in limbo (Stuck inside in limbo, limbo)
Yeah I'm stuck in limbo
