

It Found A Different Path

Royal Coda

Please forgive me
I don't know what you want out of this time with me
Alone away from everyone and why do you choose to be
All uneasy when I ever look at you kind of rude, attitude
Learn to play by the rules

You don't care too much
Always worried now what you're thinking 'bout when I'm not around
And I'm sure that you'll never will
Try to keep it down
All that fuss and doubt
Running off the mouth

But please be sweet
But please be sweet to me

Try to get away from it all
Just ignore the feeling
Not everything that happened was for another reason
Tired of playing games
Running round town
Acting smoke & mirrors for a living
You can't leave me
This ain't the way I want to leave it

Don't care too much
Always worried now what you're thinking 'bout when I'm not around
And I'm sure that you'll never will
Try to keep it down
All that fuss and doubt
Running off the mouth

And I'll follow you through whatever, any weather
Cause I would never leave
I would never
But please be sweet
Please be...
