Royal Flush

Let's get the definition of a foul man, Flush the Royal here  
Bustin niggas down, f\*\*k the spoiled plan  
Hittin up the snag team vans, army suit, guns and rams  
Man, f\*\*k it, if you live this life you got to love it  
Whose the one you trusted, organize wit niggas stayin dusted  
On the loaf key, if a nigga owe, we got to see me  
Weekly, f\*\*k a freebie, Land Rover, Jeeps and TV's  
The land see what I see, extortion plus velocity  
Murder niggas constantly, no doubt, end of discussion  
Started to bustin, if you want beef, bring it to Flushing

I sit and analyze the Earth as it twist on it's axis  
Two four the cream without the taxes  
The hand cock relaxes, I'm baggin grands up in plastics  
My moves must be made everlastin, my past change to present  
Prophecies, no market the beats  
Push me, to be a revolutionary industry  
I clone heat, holdin down 50 g tones a week  
Nuff in the smash plans, a wise man don't speak  
Cuz jealously, envy, for figga trigga niggas  
Bust, evil bitches hold a key to a man's lust  
I rush, try to touch what I don't got  
If I'm incarcerated, Royal Flush'll blow ya block, muthafucka

It's like a nuclear reaction, back down guns, niggas is blastin  
Streets are cashin, late night, black assassin  
Flush'll make it happen, first stickin, I started rappin  
Whose the one to blame, when you elevatin the game  
Stress before pleasure, niggas get bagged, so whatever  
Slugs in leathers, will have ya life, under pressure  
Royal handmade, blowin this world just like grenades  
Sex to techs to uzi's, niggas can't do me  
Since a young child, livin in corrupt, cuz I'm foul  
That's my style, nigga did a bullet on the Isle  
Meanwhile, my little brother's on the street, holdin heat  
Bustin at whatever creeps all night, cuz shit's deep  
New York don't sleep, diamond Rolex, cars and drinks  
Niggas wit minks, five g stones, and Cuban links  
Eyes chink, fuckin wit these niggas made a nigga think  
Now I gotta get cheddar, let a nigga shine forever
