

Hey, take it away  
Do you have just one more kiss for me to borrow

Whatever you say  
Let's forget about today until tomorrow

Take me on a ride on your rollercoaster  
Every time I go I get a little closer to heaven

Electra  
I need to get to you somehow  
Electra  
Cause I wanna know how to feel about you now

Hey, take it away  
Do you have just one more kiss for me to borrow

Whatever you say  
Let's forget about tonight until tomorrow

Take me on a ride on your rollercoaster  
Every time I go I get a little closer to heaven

Electra  
I need to get to you somehow  
Electra  
Cause I wanna know how to feel about you now

Electra  
I need to get to you somehow  
Electra  
Cause I wanna know how to feel about you now

Take me on a ride on your rollercoaster  
Every time I go I get a little closer...

Electra  
I need to get to you somehow  
Electra  
Cause I wanna know how to feel about you now

Electra  
I need to get to you somehow  
Electra  
Cause I wanna know how to feel about you now
