

Getting Along

Royal Republic

I don't believe you
When you say no more
So catch your breath
When you hit the floor

Never leave you
Then I'll take you back
Back and forth
On a one-way track

Let the walls come down
Turn the lights down low
I can't hold on
And I can't let go

So believe me
I'm walking out that door
'Cause why get less
If you could get more

I'm getting along
'Cause there ain't nothing to it
There ain't nothing to it
So come on

I'm getting along
'Cause there ain't nothing to it
There ain't nothing to it yeah

You don't believe me
I don't believe you too
You let me down
I let down you

If you need me
Baby that's just fine
Get off your back
And get on mine

Think I'm part of the solution
But I'm part of the pollution
Wanna really make a difference
Wanna start a revolution

But believe me
I'm gonna close that door
'Cause why get less
If you could get more

I'm getting along
'Cause there ain't nothing to it
There ain't nothing to it
So come on

I'm getting along
'Cause there ain't nothing to it
There ain't nothing to it yeah

I'm getting along
'Cause there ain't nothing to it
There ain't nothing to it
So come on

I'm getting along
'Cause there ain't nothing to it
There ain't nothing to it yeah

I stop to cross my fingers
Wish for something new
Lying in my sleep
And I've been double crossing you

Doing out of nowhere
Wonder like a song
Just keep on moving
I'm getting along

'Cause there ain't nothing to it
There ain't nothing to it
So come on
I'm getting along
'Cause there ain't nothing to it
No there ain't nothing to it
I'm getting along
'Cause there ain't nothing to it
There ain't nothing to it
So come on
I'm getting along
'Cause there ain't nothing to it
There ain't nothing to it yeah
No there ain't nothing to it
No there ain't nothing to it
No there ain't nothing to it
No there ain't nothing to it
