

Magic

Royal Republic

Abracadabra, alakazam
I need you to understand you're the reason for my confusion
My love is blind, but I can see, your spell has got a hold on me
Now I need a solution for my illusion

All the lovin' that you give me got me lookin' so bad

I think you're mad, you're mad
You're magic (magic)
You're mad, you're mad
You're magic (magic)
And it's sad that I'm glad
But I like it (like it)
You're so fine you blow my mind like

(Ma-mama-mama) Magic
(Ma-mama-mama) Magic
(Ma-mama-mama) Magic
(Ma-mama-mama)

I don't know what I'm doing here but you said you needed a volunteer
Gonna close my eyes and have no fear
I don't know why I believed your lies, one look at you got me hypnotized
I'd cut myself lose but my hands are tied

You got me on the inside

You're mad, you're mad
You're magic (magic)
You're mad, you're mad
You're magic (magic)
And it's sad that I'm glad
But I like it (magic)
You're so fine you blow my mind like

(Ma-mama-mama) Magic
(Ma-mama-mama) Magic
(Ma-mama-mama) Magic
(Ma-mama-mama)

Everybody knows you're playin' tricks
You got everybody sayin' I do believe in magic
Your spell has got a hold on me
And I can't break free

My love is blind but I can see what you do to me

You're mad, you're mad
You're magic (magic)
You're mad, yes, you're mad
And I like
You're mad, you're mad
You're magic (magic)
You're so fine you blow my mind like

(Ma-mama-mama) Magic
(Ma-mama-mama) Magic

(Ma-mama-mama) Magic
