

Playball

Royal Republic

From my head to my toes
Guess you know how it goes
It's only once in a lifetime

I got plenty of me
But that currency is peach
You'll live it once in a lifetime

Yeah, I hear what you saying
You see what I'm doing
You are somewhere on the opposite side on that line

I tell you what
I'll give you shot
I'll make it worth your while

Ahaaa...
I love my playball
I love my playball

Live if you learn
Or die the next turn
It's a simple enough equation

Turn up the choir
Make 'em sing a bit higher
YES YES

(Sing it)

Bet you I told you
I can't control the bird flu
Everybody is feeling it now

I know where I'll be
When the shit breaks free
Right by your side

Ahaaa...
I love my playball
Ahaaa...
I love my playball
Ahaaa...
I love my playball!
Ahaaa...
I love my playball
