

You are a shadow
Following me where I go
I'd be better without you
What are you doing to me?
I'm suffocating
Don't know how to explain it
But I feel like I'm fading
What are you doing to me?

You've been putting me through hell
I should really run for help
I'd leave you for someone else
Too bad you can't leave yourself

Loosen your grip before choke
Can't catch my breath, I'm gonna choke
I wish that you'd just let me go
I don't want this, I promise, just leave me alone
Loosen your grip before I

Beg you for mercy
'Cause my vision is blurry
I'm afraid you could hurt me
What are you doing me?
Try to escape it
I don't know if I'll make it
'Cause my body is breaking
What are you doing to me?

You've been putting me through hell
I should really run for help
I'd leave you for someone else
Too bad you can't leave yourself

Loosen your grip before choke
Can't catch my breath, I'm gonna choke
I wish that you'd just let me go
I don't want this, I promise, just leave me alone

You have always been this way
Locking me in chains
I don't think you're ever gonna change
Please, just let me go
I won't tell a soul
I just need a little air before my blood runs cold
