

THAT SUX

Royal & The Serpent

That tattoo on your neck makes me want to get undressed
And that scar on your chest makes me want to hurt myself
This isn't right, I was in your bed last night
'Cause your new girls out of town
Are you thinking 'bout her now?

You got me fucked up
This is just my shit luck
You don't want me? That sucks
You don't want me? That sucks
That sucks

You got a hold on me
It makes me want to fucking leap
I've never been so weak
I've never felt so incomplete
While you're in love with someone else I'll fall in love with myself
While you're in love with someone else I'll fall in love with myself

You got me fucked up
This is just my shit luck
You don't want me? That sucks
You don't want me? That sucks
That sucks

So much, damn, I want you so much
Fuck

Ugh, I can't do this anymore dude
Ugh, so we're laying on the couch
Kinda cuddled up, but every time we touch it feels like love
You don't wanna kiss and you don't wanna fuck
What the fuck!?

You got me fucked up
This is just my shit luck
You don't want me? That sucks
You don't want me? That sucks
That sucks
Fucked up, guess that's just my shit luck
You don't want me? That sucks
You don't want me? That sucks
That sucks

So much, damn, I want you so much
So much, damn, I want you so much
Fuck
