

Warn You

Royal & The Serpent

If I break a couple dishes
And leave the pieces on the floor
Let me feed you with my kisses
Don't go walking out that door
I know what I said, it's not what I meant
Promise that I won't do it again
If I go and slash your tires
It won't be an accident
You come home and your shit's on fire
People say I'm passionate

It is what it is, I am what I am
You get what you get, hope you understand

I'm a little fucked up
Not easy to love
And what you've heard about me is true
Don't say I didn't warn you
Don't say I didn't warn you
But if you ever leave
I can sure guarantee
You won't want somebody new
Don't say I didn't warn you
Don't say I didn't warn you

Screaming like it's bloody murder
Let the neighbors call the cops
They can cuff me if they want to
Nothing's gonna make me stop
It's not how it looks, I know how it sounds
Under control, just messing around
You're so soft and sweet to me, I don't deserve you
I was seeing red, I never meant to hurt you
But it is what it is, I am what I am
You get what you get, hope you understand

If I break a couple dishes
And leave the pieces on the floor
You can say that I'm a psycho
Bet you'll never say you're bored
