

All My Life

Royal Tusk

(All my life)

(All my life)

All my life I waited
I held back, hesitated
Can we get back from where we are?
All this time I wasted
It passed while memories faded
Can we get back from where we are?
Or was it broken long before I fell apart?

The end is coming soon
Was it all that you wanted?
It's calling out to you
That thing that you can't ignore
There's nothing left to lose
But you just gotta want it
Never started over new
It's what I've been waiting for
All my life

I cut all ties refusing
Cause I'm so sick of losing
Can we get back from where we are?
Cause I found out the game is
You sell your soul to save it
Can we get back from where we are?

The end is coming soon
Was it all that you wanted?
It's calling out to you
That thing that you can't ignore
There's nothing left to lose
But you just gotta want it
Never started over new
It's what I've been waiting for
All my life
All my life
All my life
All my life

The end is coming soon
Was it all that you wanted?
It's calling out to you
That thing that you can't ignore
There's nothing left to lose
But you just gotta want it
Never started over new
It's what I've been waiting for

The end is coming soon
The end is coming soon
The end is coming soon
It's what I've been waiting for
All my life
All my life
