

## Die Knowing

Royal Tusk

I took a minute and then another  
Was unbelievable  
I fell back in it, I'll fail ya, brother  
Was unforeseeable

Come my little runaway, tell me where you're headin'

Just like no other, but I can't quit it  
No one can hardly tell

Come my little runaway, tell me where you're goin'  
I'ma let you lead the way, so I can die knowing  
I guess my love is dead, I guess my love is dead  
And I get by knowing that I can die knowing

Yeah, I'll admit it, I must've panicked  
I can't believe it though  
'Cause if I've had it with all the madness  
Why do I need her so

Come my little runaway, tell me where you're goin'  
I'ma let you lead the way, so I can die knowing  
I guess my love is dead, I guess my love is dead  
And I get by knowing that I can die knowing  
I guess my, I guess my love is dead, I guess my love is dead  
And I get by knowing that I can die knowing

Yeah  
She's my little runaway  
And I can feel it comin'  
I'ma let her lead the way, so I can die knowin'

I guess my love is dead, I guess my love is dead, I guess my  
I guess my love is dead, I guess my love is dead  
And I get by knowing that I can die knowing  
I guess my, I guess my love is dead, I guess my love is dead  
And I get by knowing that I can die knowing
