

Don't Get Me Wrong

Royal Tusk

I don't need nothing
I don't need someone to get along
Don't need to look any further to know it when it's gone
As long as there's something
Don't matter what it is, you're holding on
It's better to pretend than to find out what you're running from

Now, I got you right where I want you
And now, I got you right where you wanna be
And how brilliant, I know
Somehow I know, somewhere you'll go
You'll find someone you loved all along
I don't want you to get me wrong
Don't get me wrong

I don't want nothing that I never had all along
I spend a lifetime looking for reasons why I wasn't wrong

Now, I got you right where I want you
And now, I got you right where you wanna be
And how brilliant, I know
Somehow I know, somewhere you'll go
You'll find someone you loved all along
I don't want you to get me wrong

Don't get me wrong
Don't get me wrong
D-don't ya get me-
Falling at your feet feels like
Forgetting my face to save my life
Running out of days of my life
Got outta my ways most of the time

Now, I got you right where I want you
And now, I got you right where you wanna be
And now, I got you right where I want you
And how brilliant, I know
Somehow I know, somewhere you'll go
You'll find someone you loved all along
I don't want you to get me wrong
