

## First Time

Royal Tusk

I'd wanna see you believe  
As the entire world is falling asleep  
And the more that you hold on  
The more you feel it take you away

We all wanna get out  
There's no escaping what you can't see  
Are you living with doubt?  
Are you still hoping this is just a dream?

I see the time  
To take back my life  
'Cause I want it real for the first time  
No more following along  
'Cause the story has gone on and on and on and on  
For far too long  
Far too long

I want the world to see  
If you want justice, it ain't coming for free  
'Cause there will be answers  
But only if you're willing to beg

I see the time  
To take back my life  
'Cause I want it real for the first time  
No more following along  
'Cause the story has gone on and on and on and on  
I see the time  
To take back my life  
'Cause I want it real for the first time  
No more following along  
'Cause the story has gone on and on and on and on  
For far too long

It's gone on far too long  
And then they sell it to ya  
No doubt you're you who you can love  
And then they take it from you

We all wanna get out  
There's no escaping what you can't see  
Are you living with doubt?  
Are you still hoping this is just a dream?

I see the time  
To take back my life  
'Cause I want it real for the first time  
No more following along  
'Cause the story has gone on and on and on and on  
I wanna live  
And take back my life  
'Cause I want it real for the first time  
No more following along  
'Cause the story has gone on and on and on and on  
For far too long  
Far too long

Far too long  
Far too long
