Royal Tusk

I can't help it that you love like a love song
Cause when I'm in it I don't know
Gets harder to see
Ain't got no reason
Don't got no chance too
I keep on fallin
When I'm fallin back to you

No I can't help it that you
Love like a love song
Cause when I'm in it goes to show
Just can't let it be
We hit the ceilin
There's nothing left to
Can't get that feelin when
I'm fallin back to you

How does it feel
To love like a war burning down
As you run through the streets callin out
How does it feel
To fall like a wave crashing down
And it's pulling you under

I can't help it that you push like a windstorm
And couldn't stop it when you swept in
Like a flood from the sea

No rhyme no reason
I'm not about to
There's no retreating
When I'm fallin back to you

How does it feel
To love like a war burning down
As you run through the streets callin out
How does it feel
To fall like a wave crashing down
When it's pulling you under
How does it feel
How does it feel
And it's pulling you under

I can't help it that you...
I can't help it that you...
I can't help it that you...
I can't help it that you love like a love song
I can't help it that I'm falling back to you

How does it feel
To love like a war burning down
As you run through the streets callin out
How does it feel
To fall like a wave crashing down
When it's pulling you under
How does it feel
How does it feel

As you run through the streets callin out
How does it feel
How does it feel
And it's pulling you under
