

# Lights Out

Royce da 5'9"

Rock city nigga

Yeah

Mic's up, lights out (Lights out, lights out)

Yo, yo

You think I call myself King just 'cause I want love  
Like it's easy to blow a whole city that once was  
It wouldn't even be a midwest without Bone Thugs  
Try to knock me off my square, nigga I won't budge  
Born from broke, I speak in a street for coins  
I keep heat in a jeep, you can't beat Detroit  
Try that strong arm shit and you get buried alive  
All y'all niggas is big, but none y'all is ready to die  
It's a freak mind game we play when we smart  
You say it's a art, blame nothin' you say in your heart  
It's a sixth sense that real niggas got  
Yo, we know, just know, if you a hoe, or not  
If I could filter out the game, I would  
I'll speak niggas name, I'ma bet they got the same opinions about me  
It's like a two way street, with two cars racin' each other  
On the right track and goin' the wrong way on the other  
Yeah

Mic's up, lights out (Lights out, light out)

Real niggas on the prowl

Still drink if it ain't mines

Real niggas throw up drinks like gang signs

Mic's up, lights out (Lights out, light out)

Real niggas on the prowl

Still drink if it ain't mines

Real niggas throw up drinks like gang signs

Yeah, I robbed a nigga before, but do that make me a thug?  
Was stupid and young  
Things niggas can do with a gun  
You never put fear in my heart  
Talkin' all loud and obnoxious  
What most of you do when you pop shit  
I'm payin' the price now, 'cause it cost to shine  
And whoever thought that I lost it done lost his mind, nigga  
Look into the eyes of this nigga before you judge him  
You better be prepared to die for this nigga before you love him  
My shit is real, 'cause I'm the realest  
So fuck Ill, you can be the illest  
See how many real niggaz feel it  
I don't ever plan to go back to the streets, it's cold  
Back to work with a mother fuckin' week in a hole  
Lost with blind motivation, I ain't a thug  
I'd rather be Royce five-apostrophe, nine-quotation  
So how you love that nigga, the game done changed  
You got a problem on your hands and this a nigga with brains  
Yeah
