

# Razor Teeth

Royel Otis

I see you alone at home  
Driving past cause no one's home  
Raindrops on the streets I miss  
Don't go to sleep

Creep up on the window seat  
Spiders crawling underneath  
Sung like silk through razor teeth  
Come home to me

Oh, why I need you to be home in time  
Somewhere we'll be alone tonight  
I need you to be home in time  
Somewhere we'll be alone tonight

Scrape my knees down to the bone  
My clumsy feet I should've known  
Sunlight seeping through the sheets  
All over me

Creep up on the window seat  
Spiders crawling underneath  
Sung like silk through razor teeth  
Come home to me

Oh, why I need you to be home in time  
Somewhere we'll be alone tonight  
I need you to be home in time  
Somewhere we'll be alone tonight
