

# Bad Together

Rozzi Crane

It was the Fourth of July  
We caught the very last flight  
I put my head on your shoulder  
To watch all the fireworks light up the sky  
Tell me, did you know it then  
What you're saying tonight  
That you're too much of a mess to be giving your best  
And I'm sorry, goodbye?

So I'll get up  
I, I know I'll be fine  
I, I don't wanna be fine without you, mmm

This love is no good, and it was never getting better  
But, my love, if I could, oh, I would stay with you forever  
I wanna be bad together

So I put away all your shirts  
What you can't see doesn't hurt  
I gotta get out of town, 'cause this city is haunted  
And you were here first  
Oh, and I know it's too soon to say  
'Cause it's been a week and a day  
But if you came here tonight  
Even though you should leave, I would beg you to stay

This love is no good, and it was never getting better  
But, my love, if I could, oh, I would stay with you forever  
I wanna be bad together, oh  
Yeah, I know that we're bad together, oh  
(Ooh, ooh)

So I'll get up  
I, I know I'll be fine  
But I, I don't wanna be fine  
If it's fine without you

This love is no good, and it was never getting better  
But, my love, if I could, oh, I would stay with you forever  
I wanna be bad together, oh  
Yeah, I wanna be bad together  
Ooh
