

# Consequences

Rozzi Crane

I wasn't lying  
When I said that I was complicated  
I'm complicated  
You think you can take it  
'Cause you like a little bit of crazy  
Don't underestimate me, ooh

You're tapping on my glass  
You're saying I don't open up enough  
Once you bust it, once you break it  
I'ma rush out like a flood  
Hold you in my heart forever  
And I'll keep you like a grudge

Loving me has consequences, I get possessive  
Maybe overprotective, woo  
Loving me has consequences, yeah it's relentless  
When you get my affection  
I hope you know what you got, what you got  
Can't control all this love in my heart  
Yeah, loving me has consequences, c-consequences  
C-consequences (c-consequences)

No, you weren't lying  
When you said you got a lot of patience  
Don't mind the waiting  
When boy I kept trying  
To keep you at a distance  
But damn you've been persistent  
Ah, ah, ah, yeah

You're tapping on my glass  
You're saying I don't open up enough  
Once you bust it, once you break it  
I'ma rush out like a flood  
Hold you in my heart forever  
And I'll keep you like a grudge, yeah

Yeah, loving me has consequences, I get possessive  
Maybe overprotective, woo  
Loving me has consequences, yeah it's relentless  
When you get my affection  
I hope you know what you got, what you got  
Can't control all this love in my heart

Yeah, yeah, forever  
Yeah, yeah, forever

Loving me has consequences, I get possessive  
Maybe overprotective, oh
