

All This

Ruben

Started of good, did what we could
It was like we were in heaven
Enough with just a slice of pizza from 7-Eleven
7-Eleven

Couple of highs, a couple of fights
This rollercoaster was relentless
I know people said you were a force to be reckoned with
To be reckoned with

I didn't know, you'd want to hurt me like this
Must've been something I've missed
You played my feelings
Oh, I bet you think you got me good, and that's great
But make no mistake

You could've gotten all this
I'm naming no names, but we both know who you is
I want you to think about it, look what you missed
Befriended your friends, and threw you out of our clique
Ain't that a bitch, you could've gotten all this

It's what it is, but what it was
Had a hold unlike no other
Really I don't care I'm just happy that it's over
Happy that it's over

What a relief, now that we're here
I'll kick back and watch you suffer
Crazy how the tables turned and you became the sucker
You mother hm mm

You didn't know, that I would get you like this
I'm really scratching that itch
Until you feel it
And you're sorry you say, you keep on pulling the breaks
But it's a little to late

You could've gotten all this
I'm naming no names, but we both know who you is
I want you to think about it, look what you missed
Befriended your friends, and threw you out of our clique
Ain't that a bitch, you could've gotten all this

The fortune and fame, your name on every list
So many things, a bed of gold if you'd wish
Your life would've rocketed and that would be it
Ain't that a bitch you could've gotten all this

Keep telling yourself
Keep telling your friends
Keep telling your family
That all you wanted from me was an apology

But tell yourself
Tell yourself

You could've gotten all this
I'm naming no names, but we both know who you is
I want you to think about it, look what you missed
Befriended your friends, and threw you out of our clique
Ain't that a bitch, you could've gotten all this
You could've gotten all this
