

Candy

Ruben

Been here for a while
We've been talkin' and now
I just wanna know, tell me what you want
We both know what you said, yeah
But do you mean it?

Baby, you're my favourite candy
I want you
I wanna get naked
With you, be crazy
Tell me, have you ever
Been with a stranger
I know that you wanna, baby
Let's get down tonight

I know what you like
And you can't get enough
I'm the hottest [?] that you've ever done
Am I wrong?
You say all night
But do you mean it?

Baby, you're my favourite candy
I want you
I wanna get naked
With you, be crazy
Tell me, have you ever
Been with a stranger
I know that you wanna, baby
Let's get down tonight

Yeah, ahh
'Cause I just wanna get down tonight
I just wanna get down, get down, get down-down
Yeah, ahh
'Cause I just wanna get down tonight
I just wanna get down, get down, get down-down

Baby, you're my favourite candy
I want you
I wanna get naked
With you, be crazy
Tell me, have you ever
Been with a stranger
I know that you wanna, baby
Let's get down tonight

(Get down)
(Get drunk)
(Get laid)
'Cause I just wanna get down tonight
I just wanna get down, get down, get down-down
(Get down)
(Get drunk)
(Get laid)
'Cause I just wanna get down tonight
I just wanna get down, get down, get down-down

Baby, you're my favourite
