Done

Ruben

Let it loose
Leave my heart all black and blue
I'm so colour-blind for you
I don't even care

You reside
In every corner of my mind
Like a house that sat on fire
And we're staying at night

Baby, swing from the ceiling
Run through my feelings
Like I've got none
Baby, tell me two pieces
Don't want you leaving until you're
Don-don-don-don-don-don-don-don-done

I wanna feel
Like I'm making a mistake
Try to bend me 'till I break
That's all that I need

'Cause love is shit
If it don't hurt a little bit
It's the power of the head
That's making it real

Baby, swing from the ceiling
Run through my feelings
Like I've got none
Baby, tell me two pieces
Don't want you leaving until you're
Don-don-don-don-don-don-don-don-done

Baby, swing from the ceiling
Run through my feelings
Like I've got none-none-one, so
Baby, swing from the ceiling
Run through my feelings
Like I've got none
Baby, tell me two pieces
Don't want you leaving until you're
Don-don-don-don-don-don-don-don-done
