

# Madhouse

Ruben

You think you're crazy?  
Well I can guarantee  
Ain't no monster crazy like me

And I don't talk to myself, I scream  
In this madhouse it's all too real

Big bang, boom inside my head  
Gunshot fire can not compare  
Big bang, boom inside my head  
You think I'm mad?  
Well ain't that clear?

Hanging out in hell with The Devil  
We kickin' it up in this madhouse  
Hanging out in hell with The Devil  
We kickin' it up in this madhouse

Hanging out in hell with The Devil  
We kickin' it up in this madhouse  
Hanging out in hell with The Devil  
We kickin' it up in this madhouse

There are voices in here and they're really mean  
Call me crazy, but they're with me  
And I don't need your healing or medicine  
I am fine with letting it be

Big bang, boom inside my head  
Gunshot fire can not compare  
Big bang, boom inside my head  
You think I'm mad?  
Well ain't that clear?

Hanging out in hell with The Devil  
We kickin' it up in this madhouse  
Hanging out in hell with The Devil  
We kickin' it up in this madhouse

Hanging out in hell with The Devil  
We kickin' it up in this madhouse  
Hanging out in hell with The Devil  
We kickin' it up in this madhouse

Whoa  
Whoa

Hanging out in hell with The Devil  
We kickin' it up in this madhouse  
Hanging out in hell with The Devil  
We kickin' it up in this madhouse

Hanging out in hell with The Devil  
We kickin' it up in this madhouse  
Hanging out in hell with The Devil  
We kickin' it up in this madhouse

Hanging out in hell with The Devil  
We kickin' it up in this madhouse  
Hanging out in hell with The Devil  
We kickin' it up in this madhouse
