

The Truth

Rubi Rose

Uh, when I'm fucking you look at my eyes and just tell me the truth
When I'm calling you pick up your line nigga what is you doing
You telling me you with your homies but what is you doing
Had to put a nigga in check he actin' stupid
Boy don't you tell me them lies
Probably fucking that hoe on the side
I got eyes everywhere my bitches at the party they tell me they see you outside
Thought a bum broke bitch said something
When I'm ready I say when to leave he throw me the keys and tell me to drive

Checkmate through the hunnids I'm thumbin'
Heard bitches is scared I'm coming
Show a lil bitch how to get old, old money
I ran it up as a youngen
I cut him off he trippin'
Fuck it bidness is bidness
This nigga mad cause he spendin' his money on me and I ain't let him hit it
He off the wall he pissed
They ask all the time how you got these niggas I tell em it's all in the wrist
Put this ass on him make him drown one time 'til he can't resist
Stay ten toes I'ma stand on my words and paint my picture
Let it get past 12 he out alone that ain't my nigga

Uh, when I'm fucking you look at my eyes and just tell me the truth
When I'm calling you pick up your line nigga what is you doing
You telling me you with your homies but what is you doing
Had to put a nigga in check he actin' stupid
Boy don't you tell me them lies
Probably fucking that hoe on the side
I got eyes everywhere my bitches at the party they tell me they see you outside
Thought a bum broke bitch said something
When I'm ready I say when to leave he throw me the keys and tell me to drive

Uh, good head put the nigga a headache
Put the WAP on a nigga he say he streaming well fuck it let's make us a sex tape
You seem guzzled by the accent
Fuck me good 'til my legs shake
I feel like Kelis, I brought all the boys to the yard and make that milkshake
Creampie, his favorite
Bomb ass dick, had to save it for later
I'm done with doing em favors
Pretty ass bitch, can't get contagious
I'm in LA with the Lakers
Visit that nigga but I kept it in Vegas
We keep that shit on the hush
Shouldn't be doing this shit with a trust

Uh, when I'm fucking you look at my eyes and just tell me the truth
When I'm calling you pick up your line nigga what is you doing
You telling me you with your homies but what is you doing
Had to put a nigga in check he actin' stupid
