I'm no good with compliments and yet I'm still a narcissist
Dirty child with Catholic sacraments

And I can feel my organs close to dying
Three VB's ciggies mate I'm flying
I guess I'm also really shit at driving
My life's not really satisfying is it

Just another chick with a shit guitar
Screaming to the local fucks at a lonely bar
Singing covers of songs you're sick of hearing that are never q
uite on par so here's an original and I swear that it's the las
