

Change The World

Ruby

I'll try to change the world, we are together

I'm gonna live this life with you forever
I can not tell the way you fucked me
The way I feel inside
I can touch the world, world tonight
Oh, oh, oh o-o-h
I can not decide, you are in my mind
Oh, oh, oh o-o-h
So what should I feel

To make this thing real
I'll try to change the world, we are together
Always in my mind
I'm gonna live this life with you forever
Another I won't find
I can not tell the way you fucked me
The way I feel inside

I can touch the world, world tonight
Oh, oh, oh o-o-h
I can not decide, you are in my mind
Oh, oh, oh o-o-h
So what should I feel
To make this thing real
I'll try to change the world, we are together
Always in my mind

I'm gonna live this life with you forever
Another I won't find
I'll try to change the world, we are together
Always in my mind
I'm gonna live this life with you forever
Another I won't find
