

Eff Germany

Rucka Rucka ALI

Bitch ass nigga

I don't like anyone in the fucking world
First Canada's a piece of shit,
And then Mexico
Cuz' I don't like the damn Norwegians
I don't like Sweden
Not a fan of the dirt poor assholes
In the Middle East

For the Africans I don't have the patience
And there's too many kinds of Asians
But of all the different types of races
The (the) worst (worst) is

Fuck Germany
Fuck Germany
Fuck Germany
Fuck Germany

Bitch ass nigga

You know that hole in the ground
We once called England
Is now called Londonistan, full of Indians
I don't like Red China
Should be dead by now
I hate the continent of Mexico,
I mean South America

Been around the world and I've seen some gay shit
Wish I could erase it
Bu the one gayest of all the places
Is (is) guess who

Fuck Germany
Fuck Germany
Fuck Germany
Fuck Germany

Jews, always with the bagels
Blacks, they'll steal your Dreidel
Wops, they're all bunch of dagos

(yeah, ahh)
How are you?
I am Arnold, the child of Hitler
A dark black man is a Schwarzenigger
I'm from Germany, my race is chosen
We marched through the street
Dressed in lederhosen
Rubber baby, buggy bumper
I break off your arm,
Eat your torso for supper
Discard your carcass and move to the next
Like fünf, I'm living between fear and sex
I did Nazi that coming

Anne Frankly, I do not care
Let's play, who's your daddy?
And is he in jail?
Who told you, you could touch MY cookies?

Stop it!

They were baked in the oven
Like the Jews
All the boys and girls think I'm the greatest
But have some patience,
When I'm president of this filthy nation
I'll teach you to say

Fuck Germany
Fuck Germany
Fuck Germany (ahhh)
Fuck Germany

Bitch ass nigga
