You on the porch

What does the Black say

The secret of the Blacks
They can say anything
Somewhere deep in Detroit
I know you're rioting
You can say what you want
It offends no one
We'll always blame society

Nothing's your fault
You're only a victim
In a white man's world
What is your sound?
I wanna bone some white girls
I wanna bone some white girls
I wanna bone some white girls
Will we ever know?
Bop-bada-bop Obama
I want to...
Bop-bada-bop Obama
I want to...
I want to know
I never met my baby
