

Remember

Omar Rudberg

So you say, all you wanna be is remembered
I'll make you
Go down in history, so
You say, all you wanna be is remembered
Let me make you go down in history, baby
Let me write you into history, darling
Let me sing you into eternity
So you say you just wanna be remembered
You just wanna be remembered
You just wanna be remembered

And if I'm not the one
Holding the smoking gun
When the trumpets call
You can send me to the lord
Whatever we become
I was there before it all
When the morning comes
You can sing me to the sun

So sing me words that no one's heard
Split me an ocean
Make my mountain move
Oh, baby, I'll remember you
Oh, baby, I'll remember you

And if I'm not the one
Holding the smoking gun
When the trumpets call
You can send me to the lord
Whatever we become
I was there before it all
When the morning comes
You can sing me to the sun

Walk on water
Take me to a space
Show me a place
Where I could ease my mind
I will remember you
I will remember you
I will remember you

You say all you wanna be is remembered
I'll make you
