Talk

I'm so done with wasting time
'Cause now my mind is racing
And it's so hard to fake it
You fly around like a feather in my mind (Uh)
It's not easy to say it
But you're messing me up so good tonight
It's the way that your eyes can make me go quiet
Try to fight it but I can't pretend
'Cause I'm higher than I've ever been (Oh)
You should know I don't mind
If we sit here in silence
But your body it speaks to me (Yeah)

So why don't you
Why don't you
Why don't you let it talk?
Won't you let it talk to me all night long
My focus is set on your body
So let it talk won't you let it talk?
Baby, let's get lost (Won't you let it talk, won't you let it talk?)

Moving closer now, babe (Woo)
Let's get to the phase where
Where we don't have to say it
And it would be a shame if we let this go
Just stay 'cause your body tells me
We're close

So why don't you
Why don't you
Why don't you let it talk? (Let it talk)
Won't you let it talk to me all night long
My focus is set on your body
So let it talk, won't you let it talk?
Baby, let's get lost (Won't you let it talk won't you let it talk?)

So let it talk
To me all night long
Your body language is speaking right to my heart (Mmm)
And I can't get enough
So why don't you
Why don't you
Why don't you let it talk

Won't you let it (Talk) talk to me all night long (Ooh)
My focus is set on your body
So let it talk, (So let it talk) won't you let it talk?
Baby, let's get lost
Won't you let it talk
Won't you let it talk now
