

# Breathe

## Rudimental

People say what they say  
I don't wanna fuss or fight with you  
I am not a machine  
If you wanna find perfection

Let me breathe, oh yeah  
Let me breathe  
If you wanna find perfection, if you wanna find perfection  
If you wanna find perfection, if you wanna find perfection  
Let's do it for our people, if you wanna find perfection  
Let's do it for our people, if you wanna find perfection

Give me time, give me space  
Slow and steady wins the race  
Do your thing, let me be  
If you wanna find perfection

Let me breathe  
Let me breathe  
If you wanna find perfection, if you wanna find perfection  
If you wanna find perfection, if you wanna find perfection  
Let's do it for our people, if you wanna find perfection  
Let's do it for our people, if you wanna find perfection

So, let me breathe

Let's do it for our people, if you wanna find perfection  
Let's do it for our people, if you wanna find perfection
