

Bring Me Joy

Rudimental

(You bring me, yeah, you bring me joy
You bring me, yeah, you bring me joy)

Light me up, fill me with love
And tonight, I need you closer
All the feels moving 'round us
It's enough to knock me over

I know that there's something about you
You bring me joy
Something I can't have now without you
You bring me joy
You bring me, yeah, you bring me joy
You bring me, you bring me joy

I know that there's something about you
You bring me joy
Something I can't have now without you
You bring me joy
You bring me, yeah, you bring me joy
You bring me, you bring me joy

Light me up, fill me with love
And tonight, I need you closer
All the feels moving 'round us
It's enough to knock me over

Oh, I know that there's something about you
You bring me joy
Something I can't have now without you
You bring me joy
You bring me joy, ohh

I know that there's something about you
You bring me joy
Something I can't have now without you
You bring me joy
Yeah, you bring me, you bring me joy
Yeah, you bring me joy

Mm, mm-mm, mm, mm
Mm, mm-mm, mm, mm
Mm, mm-mm, mm, mm
You bring me joy
