

# Like A Train

Rudimental

How many times I gotta say?  
How many rules I gotta break? Yeah  
I'm all about those days  
You're gonna be okay  
Better believe it when I say  
Giving it up, ain't no way yeah  
Can you save those rays?  
You gonna be okay

Lift your hands if you feel it too  
You can move your ass if you want to  
And if you can't dance, we hella cool, well say  
Lift your hands if you feel it too  
You can move your ass if you want to  
And if you can't dance, we hella cool, well say

And if you can't dance  
It's all good, it's all good  
Just bob your head  
You look good doing the two  
I like it

Like a train  
Like a train  
Like a train  
Like a train  
Like a train  
Like a train  
Just bounce to it

And if you can't dance  
It's all good, it's all good  
Just bob your head

You look good doing it too  
I like it
