

Gospel

Ruel

No, I don't know if I got faith
But I can make, make my mistakes on
My own
And if I'm wrong and if I break
If I fall, if I fall from grace, oh
It'll all

No oh-oh...
Maybe there's a bigger cause
But I won't bear the cross just for you
For you

Don't say it like it's gospel
Yeah, you said that I might be trouble
In my mind, but I'm still leaving tomorrow
Don't wait 'cause you don't know
You don't know, oh
Don't say it like its gospel
'Cause we all got something we're alive for
You can try but I'm still leaving tomorrow
Don't wait 'cause you don't know
You don't know

Oh, every word, and every lie
Everyone you hurt, every time you try it, oh...
And just the same you're not above
You're not a god
It hurts deep, no-oh
You know, oh-oh

No-oh, maybe there's a bigger cause
But I won't bear the cross just for you
For you

Don't say it like its gospel
Yeah, you said that I might be trouble
In my mind, but I'm still leaving tomorrow
Don't wait 'cause you don't know
You don't know
Don't say it like its gospel
'Cause we all got something we alive for
You can try but I'm still leaving tomorrow
Don't wait 'cause you don't know
You don't know, oh-oh

Don't say it like it's gospel, oh...
