Set Yourself On Fire

Ruel

It's okay
Okay to be a little bit lost
No one really knows what they want
Spin in circles, spin in circles
Finish what you started
Everyone's a little bit nauseous
And everybody looks exhausted
Spin in circles, spin in circles
Got no other option
On the surface
Tell yourself it's going great
On the inside
It's not working
But you still can't look away

Chasing that shine
Like it's fools gold
Ruin our lives
Never gets old
Running for miles
Both eyes closed
Nothing good lasts
Yeah better let go (Better let go)

Don't tell me everything's gonna be alright
If the world is ours then it could end tonight
Tonight
Set yourself on fire

Yeah, I could tell where it all goes
Bottle up and watch it explode
Open ended consequences
Running out of options
On the surface
Tell yourself it's going great
On the inside
It's not working
But you still can't look away

Chasing that shine
Like it's fools gold
Ruin our lives
Never gets old
Running for miles
Both eyes closed
Nothing good lasts
Yeah, better let go (Better let go)

Don't tell me everything's gonna be alright
If the world is ours it could end tonight
Tonight
Set yourself on fire

On fire
On fire
Set yourself on fire
On fire

```
On fire
Set yourself on fire
On fire
On fire
On fire
On fire
On fire
```

On fire
Set yourself on fire
On fire
On fire
On fire
