

# Unsaid

Ruel

Well I don't know where to start  
'Cause now there's nothing left to say  
You put your hand on my heart  
And then you push me away  
Then you tell me everything is fine  
But you don't have anywhere to hide  
Look me in the eyes  
'Cause I'm asking you

How we gonna act like nothing's wrong?  
I see that you've been crying  
But you never wanna talk about it  
All these words left unsaid  
Hanging over my head  
How you gonna hear me through the door?  
Can't you see I'm trying?  
But you always find a way around it  
All these words left unsaid  
Hanging over my head

Over, over, over, over my head  
All these words left unsaid

I don't know how it ends  
Never been through this before  
And when it all disappears  
It's like the shadows all around you  
And I know you wanna see the light  
But you don't open up enough to find  
We're out of time  
'Cause I'm asking you

How we gonna act like nothing's wrong?  
See that you been crying  
But you never wanna talk about it  
All these words left unsaid  
Hanging over my head  
How you gonna hear me through the door?  
Well, can't you see I'm trying?  
But you always find a way around it  
All these words left unsaid  
Hanging over my head

Over, over, over, over my head  
All these words left unsaid  
No, over, over, over, over my head  
All these words left unsaid

Ooh, I just couldn't read you  
Now it's hanging over my head  
And now that I can't see you  
It's just hanging over my head  
And how you gonna act like nothing's wrong?  
And how you gonna act like nothing's wrong?

When I see that you been crying  
But you never wanna talk about it

All these words left unsaid  
Hanging over my head  
How you gonna hear me through the door?  
Can't you see I'm trying?  
But you always find a way around it  
All these words left unsaid  
Hanging over my head

Over, over, over, over my head  
All these words left unsaid  
Over, over, over, over my head  
All these words left unsaid
