

Younger

Ruel

You and I used to walk the streets at night
Our parents didn't know
We kept the TV going
Left on all the bedroom lights
And no I haven't seen you since
We lost all our innocence
You left me in the dark
While you drink in the park
Never be the same again

You and me were so, so close
Maybe that's what hurts the most
It's out of my hands
I've done what I can
So I just save my breath

Deep in my heart I
Know that it's over
Deleted your number
So I can't call you
Call you my brother
The way that we used to
When we were younger, younger

I saw you just the other night
I didn't even recognize you
Find it kind of strange
Guess that people change
But I didn't expect you to

You and me were so, so close
And maybe that's what hurts the most
It's out my hands
Done what I can
So I just save my breath

Deep in my heart I
Know that it's over
Deleted your number
So I can't call you
Call you my brother
The way that we used to
When we were younger, younger

Tryna get in touch with you
But don't know where you've been
Have a conversation
But you'll never let me in
I've tried, I've tried
I've tried with you a thousand times

Maybe I don't have to play the bad guy in the end
'Cause I've been trying hard enough to be a better friend
I've tried, I've tried
But we're out of time

Deep in my heart I

Know that it's over
Deleted your number
So I can't call you
My brother
The way that we used to
When we were younger, younger
