

# Been Waiting

Ruff Endz

Hey baby  
What's on your mind?  
Ah, just trying to wait for the right moment to talk to you, so...  
Okay, what's up?  
Listen

I've been waiting on the right hour  
Waiting on the right minute  
Waiting on the right moment  
To turn you on the right way

Girl you're like an oven  
You're so hot  
You won't stop  
Heating up my spot  
Maybe it's your touching  
That's alright  
That got me  
Staying up all night  
Girl you're like a new dress  
You're so fly  
You got me feeling so hot  
So many things you do  
Got me curious about you

Say what's your fetish?  
Wait let me guess it  
The Kama Sutra chapter one, two, three  
And I can't say  
When we'll be finished  
But when we're done you'll be fast asleep

Say what's your fetish?  
Wait let me guess it  
The book of love ain't got a thang on me  
And I can't say  
When we'll be finished  
Your satisfaction is my fantasy

I've been waiting on the right hour  
Waiting on the right minute  
Waiting on the right moment  
To turn you on the right way

I've been waiting on the right hour  
Waiting on the right minute  
Waiting on the right moment  
To turn you on the right way

Girl I want that loving  
That don't stop  
That's on time  
Like the hands on a clock  
Girl you need that loving  
That mmm good  
That's all me  
All street, all hood

Baby it's your loving  
Your kissing  
Your position  
Your body calls, I'm listening

How does this feel? (Mmm I like that)

Say what's your fetish?  
Wait let me guess it  
The Kama Sutra chapter one, two, three  
And I can't say  
When we'll be finished  
But when we're done you'll be fast asleep

Say what's your fetish?  
Wait let me guess it  
The book of love ain't got a thang on me  
And I can't say  
When we'll be finished  
Your satisfaction is my fantasy

I've been waiting on the right hour  
Waiting on the right minute  
Waiting on the right moment  
To turn you on the right way

I've been waiting on the right hour  
Waiting on the right minute  
Waiting on the right moment  
To turn you on the right way

I've been waiting on the right hour  
Waiting on the right minute  
Waiting on the right moment  
To turn you on the right way

I've been waiting on the right hour  
Waiting on the right minute  
Waiting on the right moment  
To turn you on the right way
